DIXIELINE CONQUERS HENO.

DEFEATS C. H. MACKAY'S GREAT COLT IN A LONG DRIVE.

Dr. Riddle Outruns Blues and Makes a New Record—Grand Opera Wins the Amateur Cup and Is Bid Up—Two Favorites Successful at Morris Park.

sensational finishes ever seen at Morris Park Clarence H. Mackay's great three-year-old coit Heno, by Henry Young Quiver, was beaten a short head yesterday by R. T. Wilson. Jr's Dixieline, a three-year old son of St.

Maxim-Miss Dixie. They met in the Pocantico Handicap at a mile and a sixteenth
over the hill, and for the last quarter of a mile
they were practically. over the hill, and for the last quarter they were practically on even terms, both standing the hardest kind of a drive. Heno, ridden by Tommy Burns, shouldered 126 ridden by Tommy Burns, shoulden by Tommy Burns, shoulden street to a concession of ten pounds from Mr. Mackay's colt. Heno opened favorite at to 5 and was played down a point, while Dixieline went up from threes to 9 to 2 There was a great plunge upon G. Walbaum's Smart Set, which cut the Halma-Fashionable colt's price from 4 to 1 to 12 to 5. The start was fair for all and Trump made the running around the lower turn and well up into the backstretch. Henc clinging to "Pa" Daly's colt with perhaps a little too much tenacity. Dixieline, upon whom Odom waited patiently, of foot that when Heno took the lead and headed the procession into the stretch Mr. Wilson's colt moved up to him with a most determined challenge. Down the long hill the two colts then rushed neck and neck. Burns and Odom both rode with all the power in their arms and legs, while Heno. the power in the target with consummate game-ness, kept his head in front. But at the beginning of the last furlong Dixieline with equal pluck came on under Odom's whip, until his nose was to the fore Burns once again called upon Heno and the crack colt pushed his head in front with a rush that showed the stoutness of his heart and the depth of his courage. Right up to the wire past the judges Dixieline's head was in front. 147, three-quarters of a second slower than view of the weight carried and the fact that it was his second time out this season, there was no disgrace in Heno's defeat. Dixieline. carrying 104 pounds, ran second to Dr Riddle last Thursday in a handicap in which such horses as Rochampton, Advance Guard, Bonnibert, Watercure, Alcedo. St. Finnan and Ethics were de-

vance Guard. Bonnibert. Watercure. Alcedo. Pentecost. St. Finnan and Ethics were defeated. For that reason Divicine should have been more liberally played yesterday. The same may be said of Dr. Riddle, who took the measure of Frank Farrell's four-year-old colt Blues, by Sir Dixon—Bonnie Blue II. who is one of the public choices for the Brooklyn Handicap to be run on Saturday. Dr. Riddle carried 107 pounds in the Cuban Independence Day Handicap, which was the name of the last race yesterday, yet the wise men let him go up to 5 to 1. Blues, with top weight, 128 pounds, went back in the betting, too, opening at 7 to 5 and closing at 11 to 5, the general impression being that his owner did not bet on him at all, the purpose of his appearance being a good 'prep' for the Brooklyn. Both Carbuncie and Kamara were played down, the latter closing favorite at 2 to 1. Blues got away the worst of the start, but Johnny Martin rushed him quickly to the front, so that along the backstretch he led Dr. Riddle by two lengths. Blues began to tire in the stretch, however, as he was clearly short in work, and as Dr. Riddle came on in whirlwind fashion there was nothing left to the race but a victory for the latter in a drive by a length and a half. Blues being three lengths before Carbuncie. Kamara was baddly beaten off. Dr. Riddle's time was 146, which is a new record for the course, and is an eloquent argument in favor of the prestire of the winner. Blues received much benefit from the race, after which Owner Farrell told his friends that the coit would be very near the front on Saturday.

which Owner Farrell told his friends that the colt would be very near the front on Saturday.

Clarence H. Mackay's Grand Opera, a three-year-old black colt by Wagner-Bonnie Bird, took the race for the Amateur Cup, a highweight selling event at a mile, in a common canter. Grand Opera was ridden by Mr. Holloway and was a prohibitive favorite at 0 to 20. Grand Opera led all the way and won, pulled up, by six lengths. Mr. Megargee came up in the last sixteenth with Double Dummy, 20 to 1, and beat Star Chamber by a head. The time was 1.46%. Grand Opera was entered to be sold for \$500, so it was not at all surprising that L. L. Lloyd, the former gentleman rider and the trainer of Double Dummy, ran the figures up to \$3.000, when Trainer Hill bid an extra \$5 for Mr. Mackay and retained the colt.

Lux Casta, the Donovan-Lucasta filly, owned by H. T. Oxnard, the "sugar king," was so generally liked to win the third event, for mares and filles, at seven furlongs, that the talent pounded her price down to 11 to 20. was so generally liked to win the third event, for mares and fillies, at seven furlongs, that the talent pounded her price down to 11 to 20 Four started and Lux Casta showed the way until the stretch was reached, where she quit in a most distressing manner and allowed both Sister Juliet and Rossignol to pass her In a hot drive Sister Juliet, neatly handled by Wonderly, got the decision of the judges by a head, Rossignol beating Lux Casta by two lengths. Petra II was shut out at the head of the stretch. The time was 1.29%. There were fourteen maiden two-year-olds to go in the first race, at four and a half furlongs on the Eclipse course. The jockeys were all apprentices or boys who had never ridden a winner. Little Shea outclassed all the other lockeys with a brilliant ride on R. T. Wilson, 3r's Turnpike, by Long-street Laura Ethel, a 25 to 1 shot, who in a sharp drive defeated Perry Belmont's Wolfram, the favorite, by a head. The Gought acres Stable's Breaker was half a length away. Turnpike's time, 0.53%, was very fast under the circumstances. Breaker made the running to the last furiong where Turnpike, who had been second all the way, took the lead and held it.

Another big field faced Starter Fitzgerald in the second event, for selling platers, run pike, who had been second all the way, took the lead and held it.

Another big field faced Starter Fitzgerald in the second event, for selling platers, run down the Eclipse course. Cornwall, backed down from fives to 3 to 1, an equal favorite with Mercer, made a runaway of it and won galloping by four lengths in 1 113. The struggle for the place was a heart-breaking affair, Anecdote taking it by a neck from Early Eve, although the latter would have had it in another jump. It was, on the whole, a rather rough day for the talent, as only two favorites won. The summaries.

Selling for maiden two year-olds; to be ridden by apprentice lockers in by boys that have never ridden a winner, by subscription of \$10 each, with \$500 added, allowances, last four and a half for longs of the Echipe course.

den.

The teams have all been strengthened, though the make-up of several of them is much the same as last year. The league is a strong one in playing ability. Collegians are numerous in the ranks, the Quinbys and Carter of Yale; Burgess and Mine, Harvard; Harrison, Princeton, and Camp and Redington, Yale; Affeld, Cornell, Mackenzle, Princeton; Keator, Bronson and F. Stephenson, Yale; Rushnore, Trinity, Cozzens, Harvard; Whinnery, Cornell, and Hirsch, Yale, being players who were well known on college diamonds.

Ed Dobeny has pitched four sames for the Pita-burgs this season and won them all. When with New York Dobeny had speed and good curves, but his control was erratic. Now he has good con-trol and is steady. The knowledge of being backed up by a fast fear may have something to do with the Southpaw's success. He was unjucky in his support while here.

support while here.

Unofficial batting averages show Jimmy Collins to be the leader, considering number of games played, with an average of .68. Warner's figures are 38. Seymour's .29. George Davis's .278. Gleason's .26! Selbach's .29! and Hickman's .248. The ex NewYorkers are doing pretty well.

The National League may have a special meeting in this city before Decoration Day.

Jimmy Callahan made five hits in the seventeen-inning tie game he pitched against St. Louis last Sunday. inning the same he pitched against St. Louis last Sunday.

Donlin is at new ent acrying a term in the licitimore city Jail for assault and unless pardoned, will not be released for several months. It is expected, however, that chemency will be shown in his case and that a pardon will shortly be obtained. The contract with the Cincinnati Club was signed at the city Jail. Joan T. Brush being represented by a local agent. Donlin is to receive \$3,000 for the remainder of the season.

St. Louis, May 20.—Notice of appeal to the Supreme Court in the cases of Wallace, Heldrick and Harper were nied yesterday in the Supreme Court by Frank Deilaas Robison, who took the three descriers through the trial court, in which he asked for in junctions to restrain the players from paying with McAleer's St. Louis American League team. The Supreme Court docket is already six months benind and there is little probability that the base-ball cases will be reached before next fall, by which time Robison's contracts with Wallace and Heldrick will have expired, But Harpers contract being for two years, there is still a cannot that the Nethold League will secure the acrices.

Mesaru Chubb, Bailou, L. C. Murdock and Travis, representing the M. G. A. Executive Committee, were the guests of Bruce Price at Tuxedo on Monday. They were well pleased with the condition of the course. Mr. Chubb could not stay, but the others piaved a foursome in the afternoon, which increased the admiration for the green among the visitors. At the M. G. A. committee meeting last week, although Travis spoke against the motion, it was voted to pair the thirty-two to qualify for the champion-ship next week for the first match-play round by placing, in accordance with the system adopted by the F. S. G. A. for the national amateur championship. Entries for the M. G. A. tournament close on Saturday. NEWS OF THE WHEELMEN. Jacquelin's Victory Over Lawson in Paris Not Entirely Popular.

Mail advices from Paris concerning the race between Jacquelin and Iver Lawson at the Parc des Princes on May 5 say that it was not with the enthusiasm that his applause has usually. The spectators appreplause has usually. The spectators appro-ciated the disadvantage under which Lawson was riding. He did not want to race. He had been off the steamer only a week or two and was not in condition. He knew it and yet was forced into the race. Jacquelin won in two straight heats from Lawson. And yet the friends of the American in New York are almost arrogant in their belief that a little later Lawson will make the French champion look cheap.

The supremacy of the motor bicycle has just been demonstrated in a way that will be satisfactory to all riders. One has climbed Eagle Rock Hill and made light of it. For years the Eagle Rock Hill in New Jersey has been the bete noir of all cyclists. There many hill-climbing contests have been held to see how far up it a man could get. It was a sturdy rider that could reach the top of the mountain. Few have ever done it. The other day, H. D. Turner of this city sent his motor cycle up it without a hitch and was mightily pleased. There are few fourwheeled automobiles that could perform this feat.

The Century Road Club Association has appointed a motor-cycling committee as there are now a number of motorists in the organization. The committee has fixed a taclve-hour limit for motor cycle centuries. Formerly it was eight hours, but the change was made in order not to encourage violations of the law.

was made in order not to encourage violations of the law.

Park Commissioner Young of Kings and Queens has written to Albert Hutton, Secretary of the Associated Cycling Clube of Long Island that he has given instructions for the exercise of greater care in the sprinkling of parkways and that the men shall consider the use of bicycles when watering A letter from Commissioner Redfield to Secretary Hutton says that the bad holes in the asphalistrips on Bushwick avenue will be repaired, but that it is doubtful if the strips will be relaid, owing to there now being some question about the asphaliting of the entire street. The letter concludes. The importance of that fine street as a thoroughfare is fully realized. This letter was read at the monthly meeting of the clube on Monday night. Another interesting thing revealed in Commissioner Redfield's letter was the fact that after the subway has been completed Fulton street. Brooklyn, is likely to be asphalted. President George Smith was in the chair and eleven clubs were represented. Attention was directed to the fact that special prizes for club teams would be offered for a novel contest next month, the idea being to see who can go over a rolling road for twenty miles and do the most coasting and the least pedalling. Two cyclonieters will have to be used on each wheel in this event and it will show who is cleverest at using a coaster brake.

When the Graf Waldersee sailed yesterday she carried on her the first Americans to start on a motor cycle tour in Europe. They were Otto E and Leo Schnitzpahn of Buffalo, who had with them two machines made in Buffalo, each of one and three-quarters horse power. The timerary of the brothers is an ambitious one, although they go solely for a pleasure trip. They expect to ride through the British Isles and all the principal countries of Europe, and in five or six months to cover about 10,000 miles. Leo Schnitzpahn is an artist bent on getting some foreign impressions.

Joe Nelson, the amateur pace follower, has decided to join the professional ranks and will make his last appearance as an ama-teur at Vailsburg next Saturday.

Young Peter Jackson to Tackle Dick O'Brien.

Young Peter Jackson, the negro welterweight, and Dick O'Brien of Boston, have been matched to box twenty rounds at Balti-more on next Friday night. If Jackson wins, he will sign articles to meet Al Weinig, who has long been anxious to box him. The Buffalo puglist is willing to meet Jackson for any number of rounds for \$1,000 a side.
